

Shade TV Family

The MirageVision Shade Family of Outdoor TVs is the ultimate solution for covered or shaded outdoor spaces. Designed for patios, porches and other fully sheltered areas of your outdoor entertainment space. These TVs deliver exceptional picture quality in areas outside that have some background or indirect sunlight. Engineered for outdoor entertainment, the MirageVision Shade Family transforms your covered outdoor living area into a premium entertainment hub, providing vibrant visuals and superior performance.

Silver Series

Engineered to withstand the elements, these TVs can withstand most outdoor conditions. The MirageVision Silver Series is one of the brightest outdoor TVs in the Shade "class" of Outdoor TVs verified by 3rd party testing. Seamlessly connect to any Wi-Fi network to wirelessly stream your favorite TV shows, movies, & sporting events with clear picture quality.
