

Partial Sun TV Family

Introducing the MirageVision Partial Sun Family: the pinnacle of outdoor entertainment for semi-shaded spaces. Perfect for patios, porches, and backyards, these TVs are designed to deliver stunning visuals in partial sunlight. Precision-engineered for outdoor environments, the MirageVision Partial Sun Family elevates your outdoor living space into a dynamic entertainment experience with breathtaking picture quality and unmatched performance.

Gold Series

Perfect for patios, porches, outdoor kitchens and other areas in backyards. Designed to be viewable in partially sunny areas of your outdoor entertainment area. These TVs put out a whopping 1300 nits of sustained brightness, one of the brightest outdoor TVs in the Partial Sun "class" of Outdoor TVs.
